Response:

Please outline the total number of recommendations from the Phase 1 Grenfell Tower Inquiry that have been satisfactorily completed and audited by an external body.

LFB has now completed 28 out of 29 recommendations directed specifically at LFB, all Fire & Rescue Services or Emergency Services.

The 28 recommendations have not yet been audited by an external body. They are submitted for approval at PRAB (Performance, Risk and Assurance Board), then formally closed at CB (Commissioner's Board), the LFB then report the closures to FRB (Fire and Resilience Board) where the Deputy Mayor has the opportunity to challenge closures.

Please also provide links and dates of progress reports on their progress published by you.

Please find a link to the LFB performance reports published via the London Datastore, that reference the GTI key performance indicators here: <https://data.london.gov.uk/dataset/lfb-financial-and-performance-reporting-2023-24>
