The LFB publish the details of every incident responded to since January 2009 online. Information is provided for when and where the incident happened, the type of incident dealt with, number of calls received and notional cost of the incident. This information can be accessed through the London Datastore using the following link: <https://data.london.gov.uk/dataset/london-fire-brigade-incident-records>.

The most recent information (for incidents that have occurred in last three years), can be downloaded via the Excel spreadsheet '[LFB Incident Data from 2018](#)'. You can use the incident numbers provided in the table above to look up the further information.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us>
