

# Make Your Own Noisy

What do I do?

1. Colour in Noisy's:

- eyes
- mouth
- nose
- eyebrows
- hands
- boots

2. Write one of these fire safety messages on Noisy's sign, and then colour it in:

- Working smoke alarms save lives!
- Test me every week
- Every home should have a Noisy

3. Carefully cut out all of Noisy's parts and stick them onto your Noisy poster.

You may need to ask a grown up to help you with this.

4. Put your Noisy poster on a wall where everyone can see it!

Your poster will help the London Fire Brigade make sure every home has a working smoke alarm.
