**Freedom of Information request reference number:** FOIA4310.1

**Date of response:** 11 April 2019

**Request:**

I have been researching to find various LFB callsigns, however, there is various information I have found from different sources that do not match. Some being information sites like wikipedia and others from other threads related to this one, however, those seem out-dated.

I would like to request a completely updated fleet list (2019 if possible), with all the station codes as well as callsigns used by the various appliances. For example:

Fleet Number | VRM | Type | Role | Station | Station Code | Callsign

If one appliance may change callsigns, an example would suffice for example: Type - Dual Pump Ladder, Role - Front Line Pump, Station - Soho, Station Code - A24, Example callsign - A241."

**Response:**

I would like to direct you to the readily available information held within our disclosure log, on our website. This information was published in response to a request received in 2018 asking for both call sign and fleet information. You can access this response by clicking here: <https://www.london-fire.gov.uk/media/3585/foia41341.pdf>.

Please note our fleet is current as of October 2018 and will be updated annually.
