

Freedom of Information request reference number: FOIA4196.1

Date of response: 31 January 2019

Request and Response:

I am trying to recall details of a fire in my local area roughly 10 years ago. On Manor Park road, near Manor Park station, that engulfed an abandoned WWII factory and parts of an adjoining church. I am mainly looking for the date of the incident, but if you have other information, I would greatly appreciate that.

Thank you for your request, dated 7 January 2018 regarding a fire that occurred in Manor Road within the last 10 years.

As you can understand the London Fire Brigade (LFB) will have attended a range of incidents in this location over the last 10 years. As such, it is hard to pin point the exact incident your query concerns. Below is a list of fires in derelict buildings on Manor Park Road over the last 10 years.
