

Freedom of Information request reference number: FOIA4147.1

Date of response: 8 January 2019

Request and Response:

I am looking into the issue of assaults against on-duty fire fighters and was hoping you could provide me with:

The numbers of recorded assaults on your service's firefighters in each of the last five years. If possible, I would further request any details recorded against each incident (not including the identities of the firefighter/s concerned) but if possible the date/location/time/and nature of the incident please.

Thank you for your request, regarding attacks on London Fire Brigade (LFB) firefighters.

In response, please see the attached* spreadsheet detailing incidents as recorded within our Safety Event Reporting Database (SERD).

I do hope you find the information provided of use. Should you have any questions do let me know.

Attachment below:

Date	Event Type	Location
12/04/2015	Physically assaulted by a person	Euston
