Once the new audit record has been completed then the LFB will be able to share the outcome with you. As the audit is still a live investigation, and is not yet complete, no decisions have been made that can be shared with you at the present time. We would welcome a further request from you to obtain this information once the audit is complete.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).
