

Freedom of Information request reference number: 6463.1

Date of response: 28 April 2022

Request:

I am working on a Quantitative Risk Assessment for Strand Underpass. Would it be possible to know if there have been any reported fires and RTCs attended in these tunnels from your mobilising system if available in past 20 years? Strand Underpass postcode: WC2B 4NA

Response:

Our data team have checked the following postcodes associated with Strand Underpass:

WC2B 4NA
WC2B 6UJ
WC2B 6LH
WC2B 4BG
WC2R 1LA
WC2R 6PB

The postcodes searched can be tricky to identify incidents that took place in a tunnel because there is no address so it may not be 100% accurate. The search resulted in one incident that mentions Strand/ Kingsway underpass in the detail. This is shown below:

Incident Type: Special Service

Address: STREET RECORD, KINGSWAY, LONDON, CITY OF WESTMINSTER, WC2B 6LH

Incident Number: 051713-27042018

Date: 27/04/2018

Description: Spills and leaks - Vehicle leaking fuel

I hope you find this information of use. If you have any further questions please contact InformationAccess@london-fire.gov.uk.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us/>
