

Freedom of Information request reference number: 6641.1

Date of response: 22/07/2022

Request:

I am currently undertaking a fire risk assessment on undertaking a fire risk assessment on Heathrow Airside Road Tunnel, Heathrow Cargo Tunnel, and Heathrow Main Tunnel. Would it be possible to know if there have been any reported fires and RTCs attended in these tunnels from your mobilising system within the last 10 years if available?

Response:

Please see the table below which details fires and special service (RTC) incidents attended to within 200m of Heathrow Airside Road Tunnel within the last 10 years. Please note that tunnel incidents are usually associated with more than one postcode or address, therefore some incidents may not have been captured if they were recorded differently.

Date	Type	Description	Special Service Type	Address	Location description
11/12/2012	Fire	Primary Fire	NULL	Nearby address - no building in street	T5B
28/08/2013	Fire	Primary Fire	NULL	Open land/water - nearest gazetteer location	On Taxi-way near Terminal 5b HAL
