

Freedom of Information request reference number: 6786.1

Date of response: 22/08/2022

Request:

Please can you let me know how many:

- i) fires at stations on the London Underground network there have been in the year to Aug 16 (or the closest date you have the data available for) and*
- ii) how many track side fires on the London Underground network there have been in the year to Aug 16 (or the closest date you have the data available).*

Could you please also provide that information for 2020 and 2021, using the same time period (ie 1 Jan - 16 Aug [or date used for this year]).

Response:

Our Data team have provided the following information, covering the date range between 01 January and 18 August for each year from 2020 to 2022:

Table 1 – Number of fires at stations on the London Underground network attended by LFB:

Fire at stations on the London Underground network	Between 01 January to 18 August in each following year:		
	2020	2020	2020
Train on Tube network	4	3	5
Underground train: Other system	2	6	6
Grand Total	6	9	11

Table 2 – Number of track side fires on the London Underground network attended by LFB:

Track side fires on the London Underground network	Between 01 January to 18 August in each following year:		
	2020	2020	2020
Train on Tube network	1	4	2
Underground train: Other system	1	1	1
Grand Total	2	5	3

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).
