Information about all incidents attended by the LFB is published online via the [London DataStore](#) and can be accessed via this link: <https://data.london.gov.uk/dataset/london-fire-brigade-incident-records>.

If you download the '[LFB Incident data - last three years](#)' spreadsheet, you can filter by date/year using columns B and C, incident type (primary/secondary fires) using column G and the 'outdoor' property category using column I.

The LFB also publish details about the cause and motives recorded for all fires on the [London DataStore](#). This information can be found using the following link: <https://data.london.gov.uk/dataset/lfb-fires-in-london-1966-2019--fire-facts>
