

**Freedom of Information request reference number:** 6896.1

**Date of response:** 21 October 2022

**Request:**

*The London Borough of Merton have advised that they have consulted with the LFB and have been advised that a safe place of refuge within the rear gardens will not be allowed for the rear ground floor units. We have requested sight of this consultation under the FOI Act.*

*There may not be any consultations on some of the properties but any that the LFB have reviewed would be helpful to allow us to rectify any issues raised.*

**Response:**

Our Fire Safety Regulation team have checked the records we hold for the addresses listed above. The LFB do not hold any building consultation records for these premises. Merton Council emailed the Fire Safety team in September 2022 for some goodwill advice for the following buildings:

11 Walton Way

21 Hatton Gardens

23 Malvern Close

58 Castleton Road

94 Sherwood Park Road

356 Lynmouth Ave

The goodwill advice records are still live and not marked as complete. This means no advice has been provided to Merton that can be shared with you at the present time. We would welcome a further request from you to obtain this information once the goodwill advice records have been completed.

I am sorry I could not provide any further information on this occasion. If you have any further questions about the information provided to you then please do let me know.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#)
