london-fire.gov.uk

Freedom of Information request reference number: 7393.1

Date of response: 27/04/2023

Request:

I would like to request under the Freedom of Information Act data held by London Fire Brigade (LFEPa) on vehicle fires attended by your emergency crews for the financial years 2017-18 to 2022-23 inclusive.

The information I am seeking relates directly to vehicles which have caught fire either while parked or while in use. An example would be a car which catches fire while parked outside a house or a car which catches fire while driving along the road.

I am not looking for information on vehicles which have been deliberately set alight or that have caught fire after being involved in a road traffic collision.

I would like information held by London Fire Brigade (LFEPa) broken down into the following categories:

Type/Class of vehicle (such as Car/SUV/MPV/Van/HGV)

Make: (Such as Ford/Vauxhall/Mercedes/LandRover)

Model: (Such as Mondeo/Corsa/E-Class/Discovery)

Fuel: (Such as Petrol/Diesel/LPG/Hydrogen/Hybrid/Electric)

I would also like information as to whether the vehicle fire caused any casualties / fatalities or caused damage to other vehicles / buildings.

Response:

In response, the LFB do not hold the information you have requested. We do not record if a vehicle was parked or in use during a fire incident. Therefore we are unable to provide you with the specific data you have requested.

However, we do record the time taken for the fire to be discovered from the time of ignition. This may give you a sense of any fires that took place when a

vehicle was in use (as you would think these would be discovered immediately).

The table below shows the total number of accidental vehicle fires between 2017/18 to 2022-23. This is broken down by vehicle power type and 'Time in minutes from fire ignition to discovery':

Vehicle Power Type	Time in minutes from fire ignition to discovery							Grand Total
	Immediately	Under 5 minutes	5 to 30 minutes	Over 30 minutes and up to 2 hours	Over 2 hours	Not known	(blank)	
Compressed Natural Gas	1	0	0	0	0	0	0	1
Diesel/Biodiesel	223	180	60	2	1	10	3	479
Diesel/Electric Hybrid	12	15	1	0	0	0	0	28
Electric batteries	35	16	2	0	0	3	0	56
LPG/Propane	0	2	1	0	0	0	0	3
Petrol	339	252	77	8	1	55	0	732
Petrol/Electric Hybrid	41	24	7	0	0	3	0	75
Unknown	56	43	21	0	0	20	0	140
Not recorded	749	633	223	12	7	133	3	1760
Grand Total	1,456	1,165	392	22	9	224	6	3,274

We are able to further breakdown the total number of accidental vehicle fires in this period but please note these are not necessarily vehicles which have caught fire either while parked or while in use (as explained above):

Grand Total		3274

The number of injuries and fatalities recorded for the 3,274 accidental vehicle fires listed in table above are as follows (again, please note these are not necessarily vehicles which have caught fire either while parked or while in use (as explained above):

Sum of Fire Deaths	Sum of Fire Injuries
5	45

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).
