Freedom of Information request reference number: 7481.1

Date of response: 16 May 2023

Request:

*How many alterations notices have been issued in the past five years? Please break down per year.
How many enforcement notices have been issued in the past five years? Please break down per year.
How many prohibition notices have been issued in the past five years? Please break down per year.*

Response:

Please see my response to each of your queries in turn below:

How many alterations notices have been issued in the past five years? Please break down per year.

This information is published online by the Home Office via their ['Fire statistics data tables'](#).

If you download the most recent published Excel spreadsheet ['FIRE1204: Fire safety returns, by fire and rescue authority'](#) then the total number of alteration notices issued across England can be found in column J of sheet 'FS1'.

You can further filter specifically to the London Fire Brigade using sheet 'FS1 raw'. The LFB is recorded as 'Greater London' in column B, and you can look at the number of alteration notices by filtering by 'Number of alteration notices served under Article 29' inspection type in column D.

The same information for previous years can be found using the following link:
