PART ONE

Non-confidential facts and advice to the decision-maker

Executive Summary

The London Fire Commissioner (LFC) Scheme of Governance (SoG) sets out the rules and procedures under which the organisation operates. Authority to make revisions to the SoG resides with the Commissioner. Proposed within the report are minor revisions to the SoG which seek to reflect organisational changes within LFB and other minor changes which are of an administrative nature and which simplify interpretation and understanding of SoG requirements.

Also, the Scheme of Delegation (SoD) has been redrafted so that in addition to delegated powers it includes an overview of key responsibilities connected to core functions. The report does not however propose changes to delegation thresholds other than where necessary to provide consistency with provisions elsewhere in the document.

Recommended decision(s)

That the London Fire Commissioner approves the amended versions of the Scheme of Governance and Scheme of Delegation set out in Appendices 1 and 1a.

1 Introduction and background

1.1 The LFC Scheme of Governance (SoG) sets out the rules and procedures under which the organisation operates. Authority to make any amendment to the SoG currently resides with the Commissioner.

1.2 The proposed minor revisions are in two parts:

- Amending the Scheme of Delegation (SoD) to adopt a recommendation from MOPAC; and
- Updates to reflect organisational changes and other assorted minor changes which are mostly of an administrative nature.

1.3 There are no significant revisions to the SoG proposed within this report. There is however an ongoing independent review of the LFC/GLA governance arrangements which is due to conclude in the coming months. This could provide an opportunity to amend the SoG should it be required.

MOPAC Audit – Supporting Governance Framework

1.4 In response to a procurement-related legal challenge, MOPAC undertook a review of the LFC's procurement process and control of costs. This included an **advisory** desk top review which sought to conclude on the degree to which the supporting governance and regulatory framework facilitated effective decision making.

1.5 The advisory review proposed a number of recommendations, one of which would result in an amendment to the SoG and associated Scheme of Delegation (SoD). That is detailed as follows:

- a. *The Mayoral Direction provides detail on the role of the Deputy Mayor around the need for prior approval and/ or consultation. It stipulates that prior approval is required to commit to expenditure of £150k and over and prior consultation must be sought where*

*expenditure is novel, contentious or repercussive in nature. These specific requirements are not set out in the regulations but have been introduced by the Mayor to ensure there is scrutiny and accountability over the LFC functions through the use of an approval mechanism. There is, however, a potential overlap in roles and responsibilities that may limit the effectiveness of any delegated authority. For instance, the SOG says that the LFC is responsible for approving expenditure in excess of £150k but the Mayoral Direction states that the LFC approvals can only be exercised with the prior approval of the Deputy Mayor. **There is a need to ensure that accountability for decision making is clear and supports the discharge of statutory responsibilities and effective delegation.***

- **RESPONSE:** The narrative in the redrafted SoD has been reinforced to ensure there is greater clarity on accountability for decision-making, specifically in respect of the Mayoral Direction and when prior approval or prior consultation is required from the Mayor and/or Deputy Mayor. Additionally, governance guidance and materials via Hotwire raise awareness and understanding of the discharge of statutory responsibilities and delegations within LFB.

1.6 All other matters in the advisory desk-top review have been addressed separately.

Scheme of Delegation revisions

1.7 The SoD is an appendix to the SoG and sets out the powers delegated to brigade staff in the execution of the LFC's functions. The revisions proposed to the SoD are set out below and provide clarity as to where the delegated power resides for those matters. Additionally, the SoD has been redrafted such as that its presentation is no longer in a table format and instead encompasses both powers and key responsibilities attributed to posts/officer tiers within the scheme.

a. Rationalisation of property-related transactions

1.8 Within the SoD there has been a rationalisation of approval limits for property-related transactions. The revisions provide clarity both in respect of decision-making thresholds and in creating a level of consistency with other similar arrangements in the SoD.

b. Senior Officer Appointments

1.9 Presently, the SoD states that the LFC approves appointments to posts of Assistant Commissioner and above, there is however no reference to the appointment of Directors. For clarity, the appointment of Directors is the preserve of the LFC, the SoD has therefore been updated to reflect that position. Additionally, appointment to Heads of Service post has been confirmed to Directors (where the SoD is also currently silent).

Updates to reflect organisational changes and other assorted minor changes which are mostly of an administrative nature.

1.10 In recent months there have been a number of changes to the senior management structure and associated job titles. Those changes have therefore been incorporated into the SoG.

1.11 The remaining changes are of mostly an administrative nature and seek to correct errors (eg. the Ministry of Housing, Communities and Local Government being renamed the Department for Levelling Up, Housing and Communities). It is proposed however that future responsibility for making such corrections to the SoG, along with other minor amendments such as changes in

statute or organisational changes as referenced in para 1.6, are delegated to General Counsel. Changes of substance, eg, delegation thresholds, would remain the preserve of the LFC acting on the professional advice of officers.

- 1.12 Attached as appendices to this report are the current version of the SoG which shows the changes arising from the proposals detailed in the preceding paragraphs (Appendix 2), and the current version of the SoD (Appendix 2a). A clean version of the amended SoG incorporating the proposed revisions and a senior management structure chart, subject to the Commissioner's approval (Appendix 1) along with the revised version of the SoD (Appendix 1a).

2 Equality comments

- 2.1 The LFC is required to have due regard to the Public Sector Equality Duty (section 149 of the Equality Act 2010) when taking decisions. This in broad terms involves understanding the potential impact of policy and decisions on different people, taking this into account and then evidencing how decisions were reached.
- 2.2 It is important to note that consideration of the Public Sector Equality Duty is not a one-off task. The duty must be fulfilled before taking a decision, at the time of taking a decision, and after the decision has been taken.
- 2.3 The protected characteristics are: age, disability, gender reassignment, pregnancy and maternity, marriage and civil partnership (but only in respect of the requirements to have due regard to the need to eliminate discrimination), race (ethnic or national origins, colour or nationality), religion or belief (including lack of belief), sex, and sexual orientation.
- 2.4 The Public Sector Equality Duty requires decision-takers in the exercise of all their functions, to have due regard to the need to:
- eliminate discrimination, harassment and victimisation and other prohibited conduct.
 - advance equality of opportunity between people who share a relevant protected characteristic and persons who do not share it.
 - foster good relations between people who share a relevant protected characteristic and persons who do not share it.
- 2.5 Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:
- remove or minimise disadvantages suffered by persons who share a relevant protected characteristic where those disadvantages are connected to that characteristic.
 - take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it.
 - encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.
- 2.6 The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.
- 2.7 Having due regard to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:
- tackle prejudice
 - promote understanding.
- 2.8 The proposed revisions to the SoG and SoD are not considered to have any negative

impact in respect of the LFC's obligations under the Public Sector Equality Duty.

3 Other considerations

Workforce comments

3.1 There are none associated with this report.

Sustainability comments

3.2 There are none associated with this report.

Procurement comments

3.3 There are none associated with this report.

Communications comments

3.4 Subject to the approval by the Commissioner, the updated versions of the SoG and SoD will be uploaded to Hotwire with targeted communications directed as those impacted by the revisions so that they are understood and complied with going forward.

4. Financial comments

4.1 There are none associated with this report.

5. Legal comments

- 5.1 Under section 9 of the Policing and Crime Act 2017, the London Fire Commissioner (the "Commissioner") is established as a corporation sole with the Mayor appointing the occupant of that office. Under section 327D of the GLA Act 1999, as amended by the Policing and Crime Act 2017, the Mayor may issue to the Commissioner specific or general directions as to the manner in which the holder of that office is to exercise his or her functions.
- 5.2 By direction dated 1 April 2018, the Mayor set out those matters, for which the Commissioner would require the prior approval of, or consultation with, either the Mayor or the Deputy Mayor for Fire and Resilience (the "Deputy Mayor"). The Governance arrangements proposed do not fall within the Mayoral Directions.
- 5.3 Section 1 of the Fire and Rescue Services Act 2004 states that the London Fire Commissioner ('Commissioner') is the fire and rescue authority for Greater London. Section 327A (5) of the Greater London Authority Act 1999 requires the Commissioner to secure that the London Fire and Rescue Service is efficient and effective.
- 5.4 The internal governance arrangements enable functions to be discharged and decisions to be taken in a lawful, transparent, consistent and timely manner, and facilitates efficiency and effectiveness in the organisation.
- 5.5 The proposals set out in this report are within the Commissioner's general powers.

PART 1 – Code of Corporate Governance

Context

1. The London Fire Brigade ('the Brigade') provides the fire and rescue service for London. The Brigade is governed by the London Fire Commissioner (the 'Commissioner') which is a statutory corporation sole. This Scheme of Governance sets out the Commissioner's governance arrangements, as follows:
 - Part 1 – Code of Corporate Governance
 - Part 2 – Standing Orders relating to Business set out the Commissioner's formal rules for the conduct of business.
 - Part 3 – Standing Orders relating to Procurement set out the Commissioner's formal rules for the purchase of works, goods, and services
 - Part 4 – Delegations to Officers set out the decisions reserved to the Commissioner and those decisions delegated by the Commissioner to Officers
 - Part 5 – Appointment of Statutory and Proper Officers
 - Part 6 – Financial Regulations
 - Part 7 – Definitions
 - Appendix 1 – Scheme of Delegations Summary
 - Appendix 2 Senior Management Structure Chart

Changes to the Scheme of Governance

2. Substantive changes to the Scheme of Governance are reserved to a decision of the London Fire Commissioner upon a report prepared by the Monitoring Officer.

The Monitoring Officer shall have power to amend the Scheme of Governance:

- i. to correct errors;
- ii. to comply with any statutory requirement;
- iii. to reflect organisational changes;
- iv. make non-contentious and/or minor amendments;

In the event that the Monitoring Officer makes any such amendment(s) to the Scheme of Governance, he or she must notify the Commissioner's Board at the first reasonable opportunity .

3. The Commissioner was created under the Greater London Authority Act 1999, following changes brought in by the Policing and Crime Act 2017, which makes them one of the **functional bodies** of the GLA. Consequently:
 - the Mayor of London (the 'Mayor') holds the Commissioner to account for the exercise of the Commissioner's functions
 - the Commissioner's budget is set by the Mayor
 - the Mayor can give guidance and directions to the Commissioner as to the exercise of the Commissioner's functions
 - the London Assembly scrutinises the actions of the Commissioner through their Fire, Resilience and Emergency Planning Committee
 - the Commissioner must have regard to various strategies which the Mayor is required by law to produce
 - the Mayor requires the Commissioner to address certain policy concerns and to work co-operatively with the other functional bodies.
4. The Commissioner is the **Fire and Rescue Authority** for Greater London under the Fire and Rescue Service Act 2004. In this capacity, the Commissioner:

- must ensure that the Brigade is efficient and effective
- has a direct and close relationship with the Home Office, the Ministry for Levelling Up, Housing and Communities and the Cabinet Office, as the government service responsible for fire and rescue services, resilience capabilities and local authorities' resilience arrangements, as well as other government services such as Department for Business, Energy and Industrial Strategy, regarding its fire prevention function
- must fulfil other statutory functions of the fire and rescue authority.

Organisational structure

5. The Commissioner is supported by six Directors. These officers meet regularly with the Commissioner as the Commissioner's Board ('CB'). Beneath Commissioner's Board exists a suite of Themed Boards, attended by Directors and other senior officers as appropriate, and an Audit Committee comprised of independent persons. Their collective purpose is to provide the Commissioner with the necessary assurances that the Brigade's strategic priorities are being delivered and achieve intended outcomes.
6. Many responsibilities of the Commissioner are undertaken through Delegated Decisions taken by senior officers – Directors and Heads of Service. The delegations to these officers are set out in Part 4 of this Scheme.
7. The Commissioner has statutory officers who have specific duties to ensure the good governance of the body corporate:
 - The **Head of Paid Service** is responsible for reporting to the Commissioner on the co-ordination of the discharge of functions, the numbers and grades of staff required and their organisation, appointment and management. The Commissioner is required to consider any such report within three months of receiving a copy of it.
 - The Section 127 Officer ('**Chief Finance Officer**') of the Greater London Authority Act 1999 reports to the Commissioner on the proper administration of financial affairs and specifically if it appears that the Commissioner or a person holding any office or employment under the Commissioner: (a) has made or is about to make a decision which involves or would involve the Commissioner incurring expenditure which is unlawful, (b) has taken or is about to take a course of action which, if pursued to its conclusion, would be unlawful and likely to cause a loss or deficiency on the part of the Commissioner, or (c) is about to enter an item of account, the entry of which is unlawful. The Section 127 Officer is also required to report to the Commissioner if it appears that the expenditure of the Commissioner incurred (including expenditure proposed to be incurred) in a financial year is likely to exceed the resources (including sums borrowed) available to the Commissioner to meet that expenditure. The Section 127 Officer must send a copy of the report to the Mayor of London and to the Chair of the London Assembly.
 - The **Monitoring Officer** is responsible for monitoring the business of the Commissioner and reporting to the Commissioner upon any unlawful proposals, decisions omissions or actions, by the Commissioner or by anyone holding office or employment under the Commissioner. The Monitoring Officer is also responsible for reporting to the Commissioner any maladministration on the part of the Commissioner or by anyone holding office or employment under the Commissioner that is the subject of a report issued by the Local Government Ombudsman. The Commissioner is required to consider the Monitoring Officer's report within three months of receiving a copy of it.

In addition, the Commissioner may appoint a statutory **Deputy London Fire Commissioner** who may exercise any or all the powers and duties of the Commissioner:

- during any absence, incapacity or suspension from duty of the Commissioner,
- during any vacancy in the office of the Commissioner but not for a continuous period of three months or more without the consent of the Mayor, or
- at any other time, with the consent of the Commissioner but not for a continuous period of three months or more without the consent of the Mayor.

Principles of good governance

8. The Commissioner has adopted the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government* which sets out the core principles on which effective governance should be built. These are:
 - Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
 - Ensuring openness and comprehensive stakeholder engagement
 - Defining outcomes in terms of sustainable economic, social, and environmental benefits
 - Determining the interventions necessary to optimise the achievement of the intended outcomes
 - Developing the entity's capacity, including the capability of its leadership and the individuals within it
 - Managing risks and performance through robust internal control and strong public financial management
 - Implementing good practices in transparency, reporting, and audit to deliver effective accountability.
9. This Scheme of Governance incorporates the core good governance principles in a way that is relevant to the Commissioner's role and responsibilities. It also sets out the arrangements for reviewing how effective the Commissioner is in following them.
10. The way in which the Commissioner puts each of the core principles of good governance into practice and its proposals to enhance its governance arrangements are set out below.
11. In **executing a strategy for London in relation to its core functions**, the Commissioner will:
 - explicitly state in their Community Risk Management Plan (Your London Fire Brigade) how an effective and efficient fire and rescue service is being provided for London
 - develop and implement specific strategies and action plans appropriate to their functions
 - maintain and develop partnerships at borough and pan-London levels
 - operate a performance, risk and assurance management framework ensuring that the information needed to scrutinise service delivery is effectively and regularly available
 - support, and appropriately resource, the Commissioner's statutory officers
 - have regard to the statutory powers and duties of their officers when making decisions
 - be innovative in exercising available powers for the benefit of the people of London
 - produce an Annual Statement of Assurance detailing their adherence to these principles, which is submitted to the Mayor of London and the London Assembly's Fire, Resilience and Emergency Planning Committee
 - collaborate with other emergency services.
12. Ensuring that officers work within **clearly defined functions and roles**, the Commissioner:

- defines the responsibilities of staff through clear job descriptions, monitoring and managing the performance of their staff
- defines performance indicators against which performance is regularly monitored by officers and are the subject of regular report to and scrutiny by the London Assembly
-
- demonstrates best practice in their financial management and procurement through compliance with and regular reviews of their Standing Orders, financial regulations and procurement policies
- through the activities of the Section 127 Officer, ensures the financial scrutiny of proposed actions and the management of an annual programme of audits.

13. Upholding high standards of **conduct and behaviour**, the Commissioner:

- adopts a set of values which are communicated through initiatives such as staff briefings
- expects senior officers to set a tone for the organisation of openness, support, good communication and respect
- continues to ensure that equality, diversity and inclusion strategy drives best practice and is integral to how the organisation and their staff conduct business
- ensures staff interests and offers of gifts and hospitality to staff are available to be scrutinised through easily accessible registers
- ensures standards and expectations of staff are set and enforced through Brigade policies
- works with the GLA and other functional bodies to maintain common standards of ethical governance in accordance with the GLA Group's Corporate Governance Framework Agreement
- maintain effective policies and procedures on whistle-blowing, compliments, complaints and conflicts of interest, ensuring effective, transparent and accessible arrangements are in place for their management.

14. Taking **robust, accountable and transparent decisions**, which are subject to effective scrutiny and risk management, the Commissioner will:

- ensure that informed decisions are taken, based on the correct and sufficient information that has been subject to appropriate due diligence and impact assessments
- ensure robust systems for identifying and managing corporate risks are in place, including the regular review of the Corporate Risk Register by Theme Boards and the Commissioner's Board and regular reporting of significant risks for scrutiny by the London Assembly
- maintain a statutory publication scheme, ensuring access to information in accordance with the Freedom of Information legislation and refusing access to information only where the public interest in doing so clearly outweighs the public interest in granting access
- acknowledge the scrutiny role of the London Assembly by supporting the Mayor and Deputy Mayor in responding on scrutiny issues and attending the Assembly's appropriate committee as required
- consult on relevant plans, policies and proposals and take account of the results of that consultation in taking decisions
- ensure that as much of its formal business as possible is published and that members of the public can ask questions or raise matters of concern
- ensure good practice in workplace equality and diversity.

15. Each year the Commissioner validates their governance arrangements by preparing an Annual Governance Statement for submission to the external auditor upon the closure of the annual accounts. The Statement must include commentary on the effectiveness of the governance framework, including the system of internal control and an evaluation of performance against this Code. In addition, the Code itself will be reviewed against the CIPFA/SOLACE framework, notable practice identified elsewhere and any subsequently produced standards or regulatory guidance. Any actions required to address identified failings or areas for improvement will be included the Annual Governance Statement action plan.

PART 2 – Standing Orders Relating to Business

1. Commissioner's Decisions

- 1.1 Commissioner's Decisions will be taken on the recommendation of, and following consideration of, a report of a Director or Head of Service.
- 1.2 Reports recommending a Commissioner's Decision will be published on the Commissioner's website five clear working days before the report is considered for decision. This Standing Order will not apply where the General Counsel determines that an earlier decision is required to protect the interests of the Commissioner, the community or any members of it.
- 1.3 Commissioner's Decisions will be published not later than the third working day after the decision is taken.
- 1.4 The publication requirements set out in Standing Orders 1.2 and 1.3 will not apply to any report or decision containing information which in the written determination of the General Counsel is exempt from disclosure under freedom of information or other legislation. In such cases, and wherever possible, a summary of the report and decision will be published.

4. Execution of Documents

- 4.1 The Seal of the Commissioner shall be kept in the custody of the General Counsel.
- 4.2 The General Counsel will execute and affix the seal to any document which is required to be sealed to give effect to a Commissioner's Decision. The General Counsel will attest the fixing of the seal with their signature. This signature will be a full and sufficient certificate that the document has been duly and validly sealed in compliance with the Standing Orders of the Commissioner.
- 4.3 The General Counsel may execute as a deed under their hand or seal or sign any document required to give effect to a Commissioner's Decision.
- 4.4 The General Counsel may authorise in writing officers of the General Counsel's Department to exercise on their behalf the functions set out in Paragraphs 4.2 and 4.3 of the Standing Orders Relating to Business.
- 4.5 All Contracts with an estimated value exceeding £500,000 or which is complex or unusual, must be executed as deeds unless the General Counsel's Department agrees otherwise. This is designed to ensure a limitation period of 12 years, rather than 6 to commence legal proceedings for any breach of Contract. Such Contracts should be sent to the General Counsel's Department together with the sealing and signing form.
- 4.6 Directors, Head of Service and other officers nominated by Directors may sign any document related to matters for which they are responsible and required to give effect to a Commissioner's or delegated decision.

5. Privacy of documents

- 5.1 Where information is exempt under legislation or otherwise, from disclosure by the Commissioner, the General Counsel may:

Scheme of Governance – Standing Orders relating to Business

- decide which documents or parts of documents should not be published
- mark such documents in accordance with the Commissioner's Protective Marking Scheme.

5.2 The General Counsel will remove the markings, when they are no longer required, from all or part of the document.

6. Waiver of Standing Orders

6.1 Following consultation with the General Counsel, any provision of these Standing Orders Relating to Business may be waived, suspended or amended by a Commissioner's Decision.

PART 3 – STANDING ORDERS RELATING TO PROCUREMENT

1. Purpose

- 1.1. The purpose of these Procurement Standing Orders ('PSOs') is to ensure that the Commissioner's procurement activities:
 - 1.1.1. Comply with relevant laws relating to procurement and spending public money;
 - 1.1.2. Ensure Best Value is achieved;
 - 1.1.3. Ensure appropriate market competition through fair and transparent sourcing; and
 - 1.1.4. Protect the business and reputational interests of the Commissioner through robust contracting and Contractor management.
 - 1.1.5. PSOs must be complied with at all times. Non-compliance may be grounds for disciplinary proceedings under the Commissioner's disciplinary policy.
 - 1.1.6. These PSOs are subject to the [London Fire Commissioner Governance Direction 2018](#) which must be complied with in addition to any process or decision-making set out here.

2. The Regulations

- 2.1. Public sector procurement is a regulated sector, governed by the Public Contract Regulations 2015 ('PCR'). All officers are responsible for complying with the requirements of the PCR. Further advice is available from Procurement and Commercial Services.

3. Scope

- 3.1. These PSOs apply to the procurement of, and award of contracts for all goods, works or services, except those in paragraph 3.3 below.
- 3.2. Contracts with a Contract Value of less than £25k are only in scope of PSO5.
- 3.3. The following contracts are not subject to these PSOs:
 - 3.3.1. Contracts for the acquisition or lease of land and/or real estate;
 - 3.3.2. Employment contracts for the employees of the Commissioner; and
 - 3.3.3. Contracts for legal services or advice in contemplation of legal proceedings.
 - 3.3.4. Any other Goods, Works and Services exempt by the Regulations (PCR15).

4. Estimating the Contract Value

- 4.1. The Contract Value must be based on the full duration that the requirement may be needed including any contract extension terms and should include VAT at the prevailing rate.
- 4.2. If the duration of a contract requirement is unknown, the estimate should be based on the estimated monthly value of the contract over 48 month (four year) period.
- 4.3. When calculating the Contract Value, it must not be:
 - 4.3.1. estimated at a value as to deliberately avoid the application of the PCR or PSOs; or
 - 4.3.2. subdivided into multiple contracts to avoid the application of the PCR or PSOs.
- 4.4. PSO 4.3 applies to all Purchases regardless of value.

5. General principles

- 5.1. When procuring, or proposing to procure, officers must:
 - 5.1.1. comply with all legal requirements, including the PCR and the applicable Standing Orders contained within this Scheme of Governance;
 - 5.1.2. ensure that impartiality is maintained and shown to be maintained;
 - 5.1.3. ensure that no Contract is awarded unless it provides Best Value to the Commissioner having regard to a combination of economy, efficiency and effectiveness;

Scheme of Governance – Standing Orders relating to Business

- 5.1.4. ensure that procurements identified as novel, contentious or repercussive are given the appropriate level of governance regardless of value;
- 5.1.5. ensure that Contractors are managed in accordance with Contract provisions, and that requisitions and purchase orders are raised in accordance with that Contract; and
- 5.1.6. ensure that all procurements and contract management are carried out in a proportionate manner.

6. Competition Thresholds

Table 1

SUPPLY OF WORKS/GOODS/SERVICES						
Purchase Value Range (all values include VAT where applicable)	Quotation or Tender	Number Required	Written Evidence Required?	Business Case Required?	PCR Compliant Procurement Procedure?	DM Governance Process Required?
Purchases between £0 and £1,000	Not Required	0	No	No	No	No
Purchases between £1,001 and £24,999	Quotation	Minimum Requested 3	Yes (Spend Approval Form)	No	No	No
Purchases between £25,000 and £149,999	Tender / Request for Quotation	Minimum 3 ¹	Yes (Request Purchase) to	Dependent requirement on	No	No (unless novel, contentious or repercussive)
Purchases of £150,000 and over	Tender facilitated by Procurement Team	Dependent on procedure	Yes (Request Purchase) to	Yes	Yes (dependent on PCR thresholds)	Yes

¹ Where the purchase is made via a compliant framework the minimum number of tenders/quotes will be in line with the relevant framework procedure

Scheme of Governance – Standing Orders relating to Business

6.1. Purchases up to £25,000

- 6.1.1. Purchases up to £1,000 does not require a competitive process therefore will not require any supporting documentation.
- 6.1.2. Purchases up to £25,000 will be approved by the budget holder. An approval form will be completed and stored in a central location for audit purposes, along with any supplementary documentation such as email quotations, catalogue entries etc. The Head of Service is responsible for ensuring compliance with this process.

6.2. Purchases between £25,000 and £149,999

- 6.2.1. Purchases between £25,000 and £149,999 will be managed by an online form with approval for procurement granted by the Assistant Director Procurement and Commercial or their Delegated Authority. The Budget holder for the purchase requestor will need to complete the relevant part of the form prior to any procurement activity or market engagement. Contract Award will be in line with Section 12 of these PSOs. The Head of Service is responsible for ensuring compliance with this process. The information requested will include:
 - A description of the need e.g. the works, goods or services required
 - Confirmation of the approved budget allocated to the request to purchase
 - Whether the purchase is considered to be novel, contentious or repercussive (in this event the Head of Service must confirm that a report has been drafted in line with the required governance process for submission to the Deputy Mayors Fire and Resilience Board (DMFRB)).
- 6.2.2. The subsequent purchase will be managed via a Request for Quotation (RFQ) procedure, or an Invitation to Tender (ITT) procedure dependent on the value, complexity and risk profile of the purchase. The relevant Procurement Lead will support this procedure to contract award. All purchases will include the LFB standard contract terms or appropriate alternative as agree by the Head of Category in collaboration with General Counsel.

6.3. Purchases of £150,000 or greater

- 6.3.1. Purchases of £150,000 or greater will be managed via an online form with approval for procurement granted by the Assistant Director Procurement and Commercial or their Delegated Authority. The mandate to proceed will be managed via an online form. The Budget Holder for the purchase requestor will need to complete the relevant part of the form prior to any procurement activity or market engagement. Contract Award will be in line with Section 12 of these PSO's. The Head of Service is responsible for ensuring compliance with this process. The information requested will include:
 - A description of the need e.g. the works, goods or services required
 - Confirmation of the approved budget allocated to the request to purchase
 - Whether the purchase is novel, contentious or repercussive
 - Confirmation that a report has been drafted in line with the required governance process for submission to DMFRB.

7. Governance

- 7.1. It is proposed that oversight of the decision to procure for procurement requests of £150,000 or more and/or that are novel, contentious or repercussive will be taken by the Director for Corporate Services via the relevant board (e.g. Investment and Finance Board,) and Commissioners Board prior to submission to DMFRB.

8. Roles and responsibilities

8.1. Compliance with PSO's is necessary to ensure the correct delegations of authority between financial budget authority, procurement authority and contract signature authority.

Procurement and Commercial Services

8.2. Procurement and Commercial Services are responsible for the oversight of all procurements that are subject to these PSOs. Procurement and Commercial Services are responsible for:

- 8.2.1. Managing all procurement activities over £25K and advising on the procurement process;
- 8.2.2. Providing commercial contract management advice and support;

 - prepare the Commissioner's statutory statement of accounts and accounting returns.
- (c) Heads of Service must consult with the Director for Corporate Services on issuing financial instructions and making arrangements as necessary.
- (d) All financial systems, methods, records and controls must be agreed with the Director for Corporate Services. The Director for Corporate Services reports to the Commissioner not less frequently than once a year on the effectiveness of the financial administration.

FINANCIAL PLANNING, MONITORING AND CONTROL

3. Budget process

- (a) The Mayor is responsible for setting a consolidated budget and council tax requirement for the Commissioner.

4. Budget timetable

- (a) The Commissioner receives budget guidance from the Mayor in the early summer and then sets their detailed budget for the following financial year in March in line with the overall funding level set by the Mayor.

5. Revenue budgets

- (a) The Commissioner is responsible for management of the approved budgets, Heads of Service must:
- advise the Commissioner of the financial implications of all proposals (as previously agreed by the Director for Corporate Services);
 - advise the Director for Corporate Services on variations and take action to avoid exceeding their budget allocation;
 - consult with the Director for Corporate Services on issuing instructions for all financial and accounting matters and the security of money and other assets;
 - agree in year virements (transfers of budget) within delegated limits (in consultation with the Director for Corporate Services).

6. Capital Budgets

- (a) The Director for Corporate Services must prepare the medium-term capital programme and annual capital estimate for approval by the Commissioner as part of a November budget submission to the Mayor and in the final budget report.

7. Reserves

- (a) To meet the requirement of the Local Government Act 2003 in respect of adequacy of reserves and to comply with the guidance on local authority reserves and balances issued by The Chartered Institute of Public Finance and Accountancy (CIPFA), the Commissioner must provide, as part of the budget submission to the Mayor:
- a statement of reserve policy;
 - details of all reserves and general balances;

Scheme of Governance – Financial Regulations

- an analysis and explanation of the expected movements between the start and end of each financial year;
 - medium term forecast;
 - in the case of earmarked reserves, an indication should be given as to when they are likely to be applied; and
 - proposed allowances for contingencies separately identified and justified.
- (b) In support of the detailed statement on the adequacy of reserves, the corporate and service financial risk assessment must be refreshed annually.

8. Budget Monitoring

- (a) The Director for Corporate Services must provide appropriate financial information to enable budgets to be monitored effectively.
- (b) Each Head of Service must actively manage the budget delegated to them and control income and expenditure within their area and to monitor performance, taking account of financial information provided by the Director for Corporate Services.
- (c) Each Director is responsible for oversight of directorate spending, ensuring departmental spending plans align with the priorities of the Community Risk Management Plan and reporting any problems to the Director for Corporate Services.
- (d) At least once a month the Director for Corporate Services will provide access to budgetary control information to Heads of Service and guidance on variances that require explanation. Heads of Service are required to provide an explanation of key variances within agreed timetables.
- (e) Heads of Service must continually monitor and control the budgets, in respect of income and expenditure, and forecast out-turn, throughout the financial year and:
- forecast outturn and report on all variances at thresholds set by the Director for Corporate Services to the Director for Corporate Services;
 - advise of any action to be taken to contain under or over spends; and
 - review outstanding orders and the forecast position on agency payments to the end of the year.
- (f) Heads of Service must advise the Director for Corporate Services of the financial impact of the long-term forecasts (Medium Term Financial Strategy) for income and expenditure for each of the activities being undertaken.
- (g) Following consultation with the relevant Heads of Service the Director for Corporate Services will present budget monitoring reports to the relevant Board regularly.

9. Virements (Transfers of Budget)
