Information requested is as follows: General road safety and concerns Carer's and Support Workers Fire risks within the borough and local area Stats concerns relating to fire risks in the local area. Fireworks concerns in the local area Water safety in the local area Flooding in the local area Grass and Wildfire concerns in the local area Lithium Batteries

**Response:**

The London Fire Brigade (LFB) do not hold a location based Risk Assessment report covering the requested information. This may be held by other Local Authorities or the Council.

The LFB publishes reports online on the [London Datastore](#) related to our attendances at incidents. This can be broken down by borough and incident type. Some information related to your request can be found using a combination of the [Fires in Greater London - Fire Facts](#) [London Fire Brigade Incident Records](#) and the [Lithium and Electric Vehicle fires](#) This may help you to identify trends in the borough for fire and flooding related incident.
