Freedom of Information request reference number: 7901.1

Date of response: 10 October 2023

Request:

Please could you kindly furnish me with:

Any reports that the London Fire Authority (Brigade) has issued in relation to planning applications made to the London Borough of Hounslow in the last six years, where consent was being sought for 1-10 homes to be built on the subject sites and where an enquiry was made to the Fire Authority about the suitability (or otherwise) of the proposal from the Fire authority's perspective.

Could you issue a list detailing the site address, the development that was applied for, the date of application and any other details that might make it easier for me to distinguish which reports I am seeking.

Response:

The LFB Building Design and Consultation Hub (BDCH) have provided the list below detailing the applications received since September 2022. The first table provided below (Table 1) shows this information broken down by site address, summary of the type of application, date of application and details of any LFB response provided to the relevant Building Control Board (BCB).

Please note, prior to 2022 as the LFB did not record consultation information in the same way. We can report on the buildings that we have received consultation documents for but we can only retrieve the specific details of the consultation by reviewing each individual job file separately. We have a record of receiving 178 further consultations between 2017 to the end of 2022. Our Prevention and Protection (Fire Safety) team have provided me with the list of consultations and the address the consultation relates to, which I have attached to this response (Table 2).

Every consultation case recorded in the Prevention and Protection system between 2017 and 2022 would need to be reviewed to gather consultation details you have requested and, due to the way our systems are set up and the data is held, our Prevention and Protection team consider this would be a lengthy exercise. For each case, the

detail we need to respond to your request would be held in individual record file. As such we would have to manually review 178 fire safety job records as we do not hold the information you asked for in a reportable database.

The only way to identify what specific type of planning consultation was received in this time period would exceed the relevant time limit set out under the FOIA. This 'fees limit' is calculated by taking the cost limit appropriate to the Brigade (i.e. £450) divided by the standard rate at which a local authority (including the Brigade) can charge for this work (£25 an hour). This equates to 18 hours.

Our Prevention and Protection team have confirmed it would take at least seven minutes to access, retrieve and extract the requested information for each of the entries from the last 6 years.

Even using the minimum average of seven minutes for each job record (178 cases), it will take nearly 21 hours (seven minutes times 178 job records, divided by 60 minutes equals 20.8 hours) to review all of the relevant records to retrieve and extract the requested information. I therefore confirm that the cost of providing the information you have requested is in the cost range of £519 which is greater than the "appropriate limit" of £450 as defined the FOIA fee regulations. In setting this out in full this now serves as a formal 'refusal notice' based on [section 12 of the FOIA](#). As you may be aware, if the cost exceeds the appropriate limit to comply with a request, a public authority is not obliged to comply with it.

I am sorry we have not been able to provide you with all the information you have requested. If you are able to further refine your request, please get in touch. Please bear in mind, of course, that little of the rest of the data you are seeking is held in a structured way (e.g. in a single database) so a manual search of relevant records is likely to be required.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).

Table 1: Consultations received after September 2022:

Job No.	Farynor Ref	BCB Reference (where recorded)	Project address	Borough	Date received by LFB	Date response sent to BCB	Response Sent	BCB	Scope of Works
