*64m*

*50m*

*30m*

*Other*

*Number of interventions in 2023*

*Fires*

*Car or other accidents*

**Response:**

Information relating to London's population is published by the Greater London Authority on the London Datastore and can be viewed here: <https://data.london.gov.uk/dataset/londons-population>

The London Fire Brigade has 102 fire stations spread across 33 London Boroughs.

Unlike other brigades who use a combination of full and part-time staff and retained firefighters, all of our operational staff are full-time and as at 30/06/2024 there were **4729** full time uniformed operational staff employed by the LFB.

Please see our published [FLEET list](#) for our firefighting vehicles. Further information about our aerial appliance ladder heights can be seen here: [Aerial appliances](#)

Our 'Incidents Attended - Summary Report' can be viewed here: [Incidents Attended Summary Report](#). For further details, we also publish all [LFB incident records](#) and all [LFB mobilisation records](#) (for fire engines) to incidents since January 2009.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us>
