

**Freedom of Information request reference number:** 8039.1

**Date of response:** 17/11/2023

**Request:**

We request information on individual cases of electric vehicle fire incidents that have occurred in London in the last 5 years (2018-2023). The information we are seeking includes: 1.Date of fire occurrence 2.Location of fire occurrence 3.Vehicle information related to the fire incident

**Response:**

Please see the attached table showing the number of electrical vehicle fires recorded since October 2021. The table includes the date of fire occurrence, the location of fire occurrence and the vehicle information related to the fire incident.

We only started to record data on vehicle power types from October 2021 so are unable to provide any information that specifically relates to electric vehicle fire incidents before this date.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request on our website: <https://www.london-fire.gov.uk/about-us/transparency/request-information-from-us/>

1. Date of fire occurrence	2. Location of fire occurrence	3. Vehicle information related to the fire incident
