Freedom of Information request reference number: FOIA 8789.1

Date of response: 4th July 2024

Request:

I write with regards to

- Spur House, Wimbledon, SW19 3BS

To ensure our records are up to date, are you able to provide me with any information on any entrapments the local fire brigade have attended to at the above-mentioned site?

If there are any recommendations, or feedback also on your records, it would be useful if this can also be passed on.

Response:

In response, this information is exempt from disclosure to you under [section 21 of the FOIA, Information accessible to applicant by other means](#).

As we routinely get asked for information about the number of lift entrapments attended by the Brigade, we have published this data on the [London Datastore](#) to assist those who require it.

The data is provided for three calendar years (36 months) and is updated monthly. If you are looking for a particular building/address and this does not appear in the list, you can assume that the Brigade has not attended a 'shut in lift' release at the address.

The information is accessible via the following link:

I hope you find this information of use. Should you have any further questions please do let me know.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).
