

Freedom of Information request reference number: 9112.1

Date of response: 24 October 2024

Request:

Hi - I am hoping to request all reported incidents of the fire lift not working in Duval House (.. Grant Road), including dates reported as broken and dates reported as fixed. I am a flat owner and resident in the building and my concerns stem from the property manager / developer / contractors properly remedying the repeated outages (not worked at all since July of this year and this is the 3rd straight year where there have been multiple months of it not working).

Response:

Please see below the details we hold about the firefighters lift at Duval House SW11 the date reported as broken and date rectified.

Reported	Equipment Type	Rectified
07/08/2024 12:38	Lifts for use by firefighters or evacuation lifts	16/10/2024

I hope you find this information of use. Should you have any further questions please do let me know.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).
