

**Freedom of Information request reference number:** 7952.1

**Date of response:** 20 October 2023

**Request:**

*56 WALDO ROAD, LONDON. NW10 6AX*

*We are looking to undertake a search of relevant information pertaining to any historical fires at the below site as part of a Geoenvironmental desk study we are conducting.*

- *Details of any fires reported at the address, including the following:*

- o Dates of the fire(s)*

- o Reference numbers associated with the incidents;*

- o Nature and scale of the fire(s); and,*

- o Cause of the fire(s)*

- *Details of the fire fighting fluids or materials used, including:*

- o Whether PFAS containing fire fighting foams were used (please note that this is an important consideration for our desk study);*

- o Whether just water was used;*

- o The volumes used to put out the fires*

- o Details of any reported run-off into drains or the ground etc*

*It would be appreciated if we could know about any fees associated for the requested information prior to undertaking the search and how we go about paying these fees.*

**Response:**

Please see the below table detailing the only fire that has occurred at from 2000 to present day. I have also included all the details we hold on the fire.

Incident Number	Final Description	Date Time Of Call	Fire type	Motive Parent	Action	Action Parent	Property Category	Num Pumps	Main Cause Group	Ignition Source Group
56431040	RUBBISH ALIGHT	30/03/2004	Secondary Fire	Accidental	No firefighting	None	Outdoor	1	Human Element	Not confirmed

We have dealt with your request under the Environmental Information Regulations 2004. For more information about this process please see the guidance we publish about making a request [on our website](#).
