**Freedom of Information request reference number:** 7815.1

**Date of response:** 13 September 2023

**Request:**

*Jaden Francois-Esprit CMP investigation:*

*Would it be possible to request the question set without answers from the investigation carried out by in late 2020 please?*

**Response:**

I can confirm we hold the question sets for the 2020 investigation. I have reviewed them and, even without disclosing any answers, I believe that the situations described in the questions are specific enough to enable individuals to be identified from the question set alone.

As such, any information held would be exempt from disclosure [under section 40 of the Freedom of Information Act – Personal Information](#).

The disclosure of this information under the FOIA would contravene data protection principle [Schedule 2, Part 3 - Protection of the rights of others: general, para 16 \(1\) of the Data Protection Act 2018](#), to the extent that disclosing the information would also disclose the personal data of an individual, or individuals, who can be identified from the information held.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).
