

Freedom of Information request reference number: 8047.1

Date of response: 22 November 2023

Request:

*Under the Freedom of Information Act (2000) I request the following information:
A list of incidents involving people (e.g. pedestrians and people on bikes/scooters) being hit by LFB vehicles.*

Please include for each incident:

- the date of the incident*
- details of the nature of the incident, including if possible the type of vehicle, where it happened, who was injured, and how seriously - any outcomes of the incident e.g. whether an investigation was carried out, the outcome of any investigation*

Please provide the above information for each of the last three years, if possible. If that is not possible, please give the above for the last 24 months or, if that is not possible, for the last 12 months. If time then allows, please also provide the number of incidents, and number of fatalities from such incidents, for each of the last 10 years.

Response:

Our Vehicle Admin Team have provided a table of data for incidents involving LFB vehicles.

Please see the table below in response to your request. This table covers incidents recorded from 2020 to present date. It includes incident date, nature of incident, vehicle type, incident location, injury details, and outcome based on information from our insurers.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#)
