Freedom of Information request reference number: FOIA 7995.1

Date of response: 6th November 2023

Request:

We are currently reviewing our fire risk assessment and need help/guidance on:

- Creating a policy for the escape of disabled people at the restaurant. We have 3 steps by the entrance and do not have any ramp/lift.
- Create a system to ensure valid permits are sought for all works (e.g. hot works).

Do you have any documents/templates we could use?

Response:

The LFB (London Fire Brigade) have guidance notes that are produced for issue to the public and other interested bodies. They cover a wide range of fire safety topics and include a useful bibliography and additional references.

Please see click on the link below for Guidance notes 66 Regulatory Reform (Fire Safety) Order 2005. Which you will find under "*Extra Practical help and Guidance*" along with the Fire Sector Federation on "*A Guid to Choosing a Competent Fire Risk Assessor*". <https://www.london-fire.gov.uk/safety/the-workplace/fire-risk-assessments-your-responsibilities/>.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).
