Incident Information

The LFB have a record of attending a fire at 362 Green Lanes, N4 on 25 August 2023 (LFB incident no. 129102-25082023). I have attached Confirmation of Attendance to this response (which provides the exact time and date of the fire).

Further information about the fire is recorded on the LFB Incident Management System (IMS). The information recorded can be used to create more detailed incident reports in relation to this fire. Fire reports are not available under the freedom of information act (FOIA) as they are considered a chargeable service and, as such, will incur a fee. As a result, they are exempt via [Section 21 of the FOIA - Information accessible to applicant by other means](#). Regrettably this means we cannot provide you with a copy of any fire reports (or the information held within them) without payment.

Individuals and organisations affected by an incident that was attended by London Fire Brigade since 2001 can request a 'fire report' which, for fires that involve buildings, vehicles, or those that cause injuries, provides more details about the incident and the cause of the fire where known.

Further information about how to obtain a LFB incident report is published on our website and can be accessed through the following link: <https://www.london-fire.gov.uk/about-us/services-and-facilities/services-we-offer/incident-reports/>.

Fire Safety Information

Following the fire on 25 August 2023, the LFB Prevention and Protection (Fire Safety) team issued a prohibition notice to the address. Details of this notice can be found on the [public notices](#) section of LFB website here: <https://www.london-fire.gov.uk/community/public-notices/public-notice-detail/?id=7783>

The prohibition notice was then lifted on 06/10/2023 after remedial works were completed.

We have dealt with your request under the Freedom of Information Act 2000. For more information about this process please see the guidance we publish about making a request [on our website](#).
